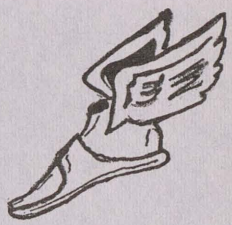
Swan Valley High School Crest



The Swan Valley High School Crest, designed exclusively for us by Josten's, represents our high school.

The large Viking warrior represents our school mascot, the Vikings. The shield to the left of the Viking represents our school life. It is divided into four sections by a star-shaped figure. The star symbolizes the North Star, which the Vikings always looked up to for guidance.

In the four sections, there is a flaming torch, symbolizing leadership, a winged foot for athletics, a musical harp for Arts & Music, and a atomic figure symbolizes sciences. The large Viking ship stands for our journey through high school.

The name Valhalla was used in Norse mythology to describe a great palace dedicated to all their brave warriors. Today, the term is used to describe a building honoring heroes. We, of the Swan Valley High Journalism class, thought the name "Valhalla" rightfully fit our new high school, and thus the name of our high school yearbook came to be.

school, and thus the name of our high school yearbook came to be.

Superintendent

Mr. Johnson breaks the ground for the new Swan Valley High School as the members of the Board of Education look on. The members are, L to R, Mr. V. Miller, Mr. M. Wegner, Mr. F. Wright, Mr. R. Middlebrook, Mr. I. Sparks and Mr. Johnson. The two men to the extreme right were not identified.

Dedication

We, the students of Swan Valley High School, dedicate the 1972 VALHALLA to Mr. Thom, Superintendent of Swan Valley Schools, Mr. Johnson, Assistant Superintendent, and to the members of the Board of Education of the Swan Valley School District.

These men have devoted many hours in helping to prepare our school district for the future, such as planning the new Robert B. Havens Elementary and the new high school.

We also wish to extend a sincere "Thank You" to all the voters of the Swan Valley School District, who have made it possible for our new Swan Valley High School to be built.

We've only just begun, to live
White lace and promises
A kiss for luck
And we're on our way
We've only just begun
Before the rising sun
We fly, so many roads to choose
We start off walking and learn to run
And yes we've just begun
Sharing horizons that are new to us
Watching the signs along the way
Talking it over just the two of us
Working together day to day
Together
And when the evening's come
We smile, so much of life ahead
We find a place where there's room

Swan Valley High School opened the 1971-72 basketball season with its junior varsity team divided into A and B squads, consisting of combined 9th and 10th graders.

Mr. Debozy was pleased with the way his team improved this year. He was especially pleased with the way the A squad learned to work as a team. The A squad was able to learn new plays and execute them correctly, faster than the B squad, but this was due primarily to the fact that starting members from the B squad were often switched back and forth between A and B teams.

This year's JV team, according to Mr. Debozy, is the best team he has had, talent wise, but the worst team he has had to keep eligible.

The JV team ended the season with a winning record.

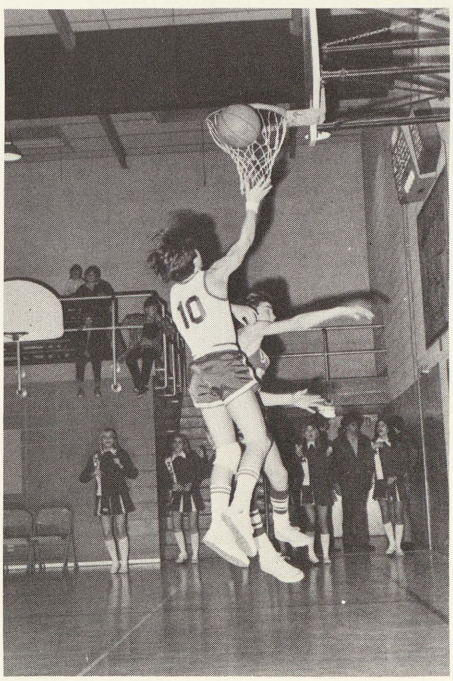
This year's 9th grade basketball team was coached by Mr. Howard. The team was divided into A & B squads.

The A squad won 7 games and lost 11. The A squad's record was not good, but the squad lost some very close games.

The B squad posted a very impressive record of 8 wins 3 losses.

The 9th team ended the season with a win over St. Stephens. It was a very special win because it marked the first time a team from Swan Valley has beaten St. Stephens.



Mark Colpean scores over a Zilwaukee defender.

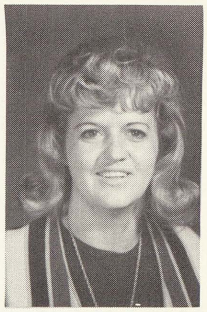
English

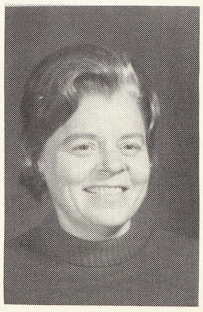
Mrs. Stearns helps Chris with a question.

The English Department has introduced many new English classes. Courses were offered in individualized reading, the short story, the novel, journalism, reading the newspaper, creative writing, beginning theater arts, speech, and grammar.

With such a variety of courses students could choose the area of English which interests them.



MRS. JOHNSON



MRS. STEARNS

Social Studies

All ninth and tenth graders were required to take a Civics class this year. Mrs. Crampton, Mr. Majeske and Mrs. Johnson had heavy schedules teaching nearly four hundred students the ways of our American Government. The classes also discuss the problems of the world today such as over-population, Communism, and the eighteen year old vote.

The course was an experiment to see if it will be offered in future years at the new school.

Science

Two types of science courses were offered this year, Environmental Science and Biology.

The Environmental Science classes consist of all ninth and some tenth graders, headed by Mr. Schrems and Mr. Debozy. During the year the classes study mainly ecology and our own natural surroundings.

Biology is recommended for all sophomores who are college bound. Man's inquiry of life is the main topic studied along with lab work and experiments. All the biology classes were taught by Mrs. Nassif.

Mr. Hamling taught several classes of small engine repair. Woodshop and drafting, taught by Mr. Emerson and Mr. Slick, were also part of the program. Industrial Arts gives students a chance to solve practical problems and show their creativity.

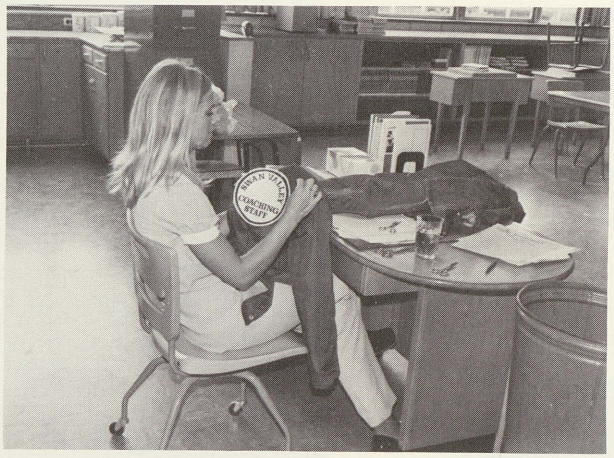
Home Economics



Miss Roltch, are you using the correct stitch?

Miss Roltsch is the Home Economics teacher for both the senior and junior high school.

The senior high Home-Ec. class learns clothing construction, social usage, consumer education along with cooking, sewing, and home furnishings.

Crafts, a new class offered, was taught by Mrs. Zimmerman. During the year the classes learned the basics of prospective, transferring, paper mache and macrame.

Art 1 and Art 11 was an elective offered to the high school this year. The art classes explored such areas as sculpture, painting, and drawing.

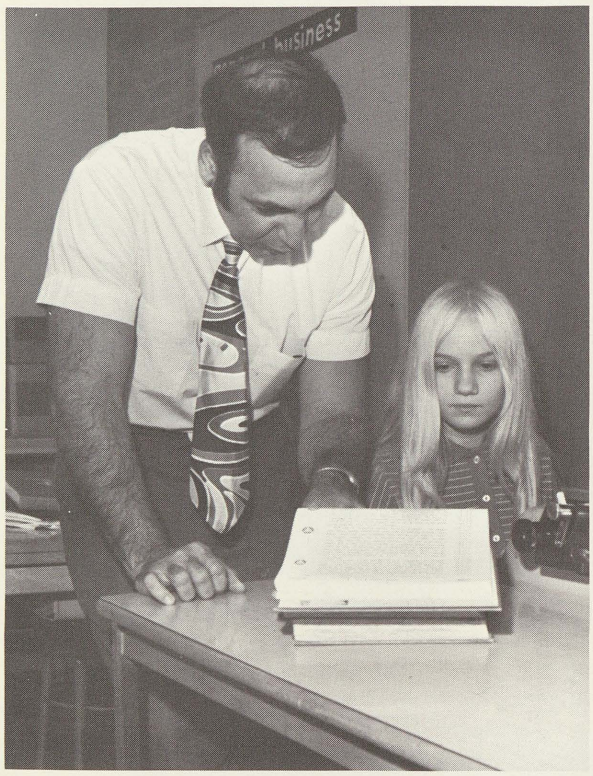
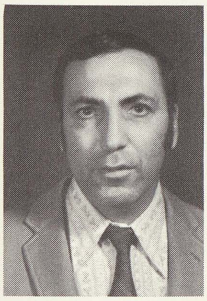
Typing and Latin



Mr. Nassif catches every mistake.

There were three types of typing offered by Swan Valley this year. Typing I, which mainly covers the basic typing techniques, Typing II, for the second year typists and Personnal Typing. All classes were taught by Mr. Nassif.

The only language offered this year was Latin. The Latin class, taught by Mrs. Hensler, translated stories, conjugated verbs, and declined nouns.



MR. NASSIF

Mrs. Hensler points out Italy to her Latin students.

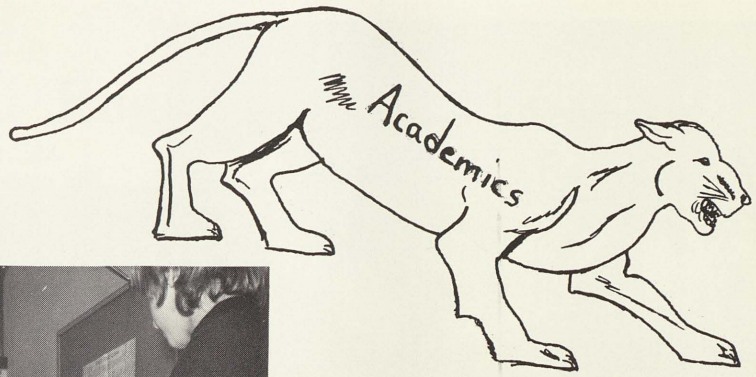
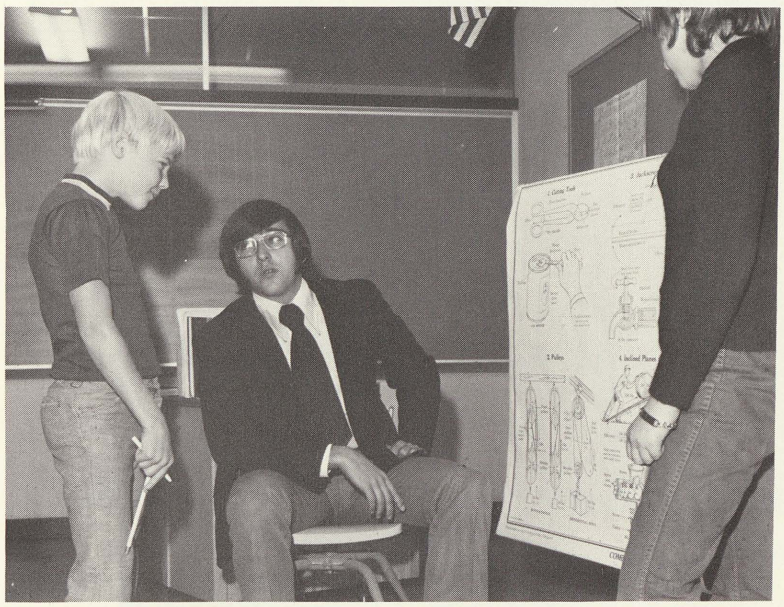
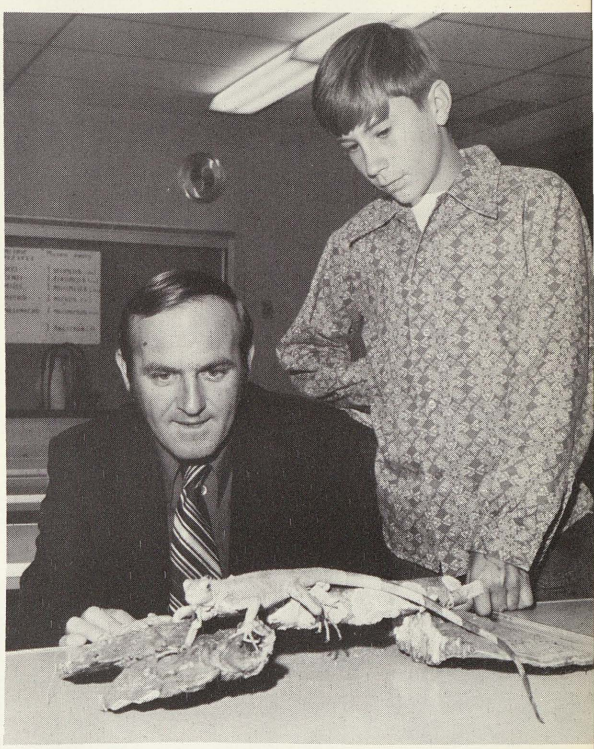
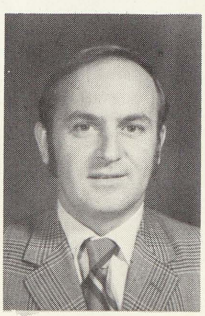
Science



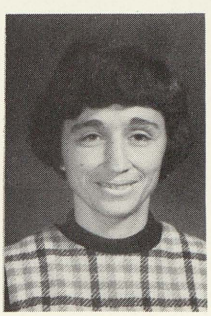




Mr. Austermann and Mr. Tesauro both teach Life Science to the seventh graders. Life Science deals mainly with the nature and the variety of life. Eighth grade Earth Science is taught by Mrs. Jones. It mainly deals with the structure of the earth and of the planets.



MR. AUSTERMANN

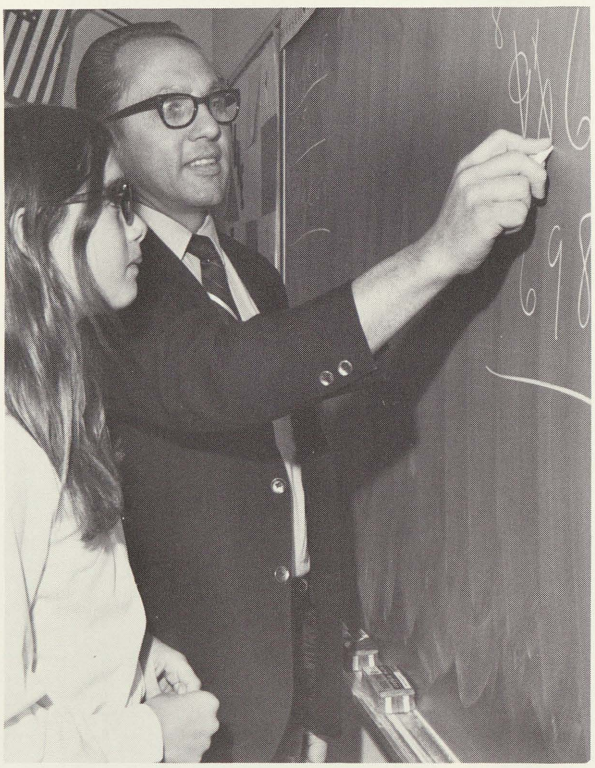


MRS. JONES

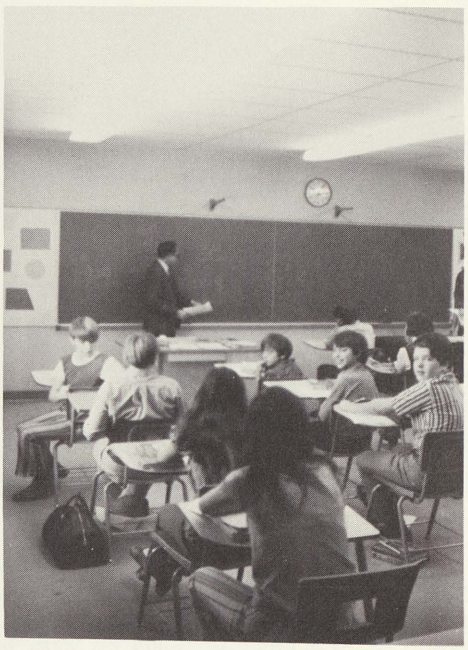
Mathematics

Mr. Kanouse teaches math to the 7th graders. His class basically covers the skills and concepts of arithmetic.

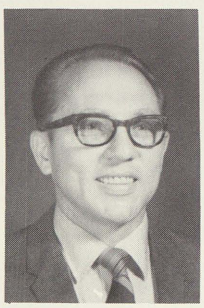
Mr. Schopp teaches modern math to the 8th graders. In this class new ideas in mathematics are introduced, primarily in geometry and pre-algebra.



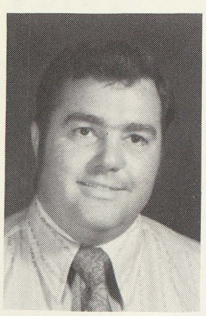
This is the correct way to do it.



Pay Attention!!!

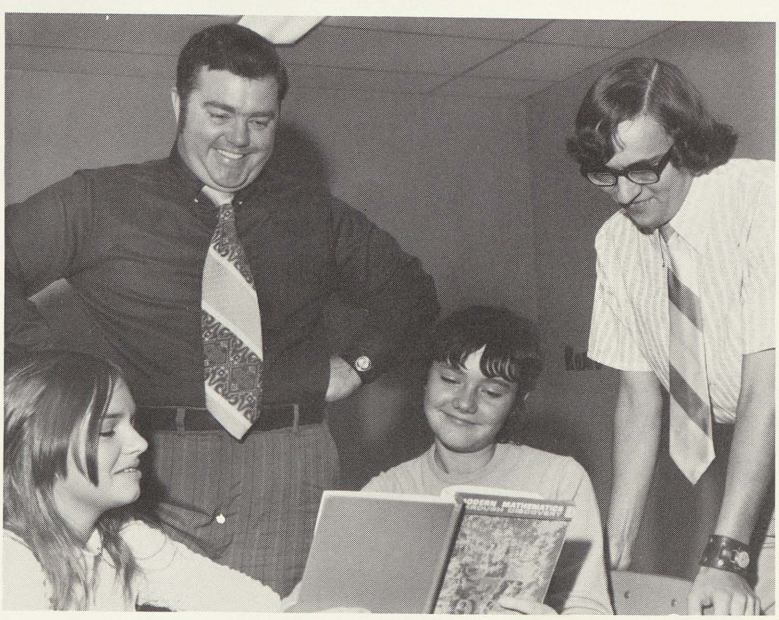


MR. KANOUSE



MR. SCHOPP

MODERN MATH LOVERS



English

Mrs. Debozy and her student teacher, Mrs. Lewtschanyn, admire a bulletin board on different authors.

Mrs. Debozy teaches English to the seventh graders. Eighth grade English is taught by Mrs. Holmgren. Both English courses cover the basic fundamentals of English like grammer, literature, and writing skills.

Snoopy says, "English is one big thrill after another!"

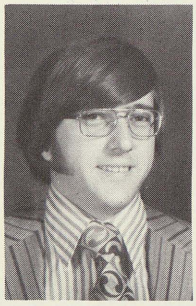
Listen to me, please.

Social Studies

Mr. Kubiak teaches Michigan and Latin American History to the 7th graders.

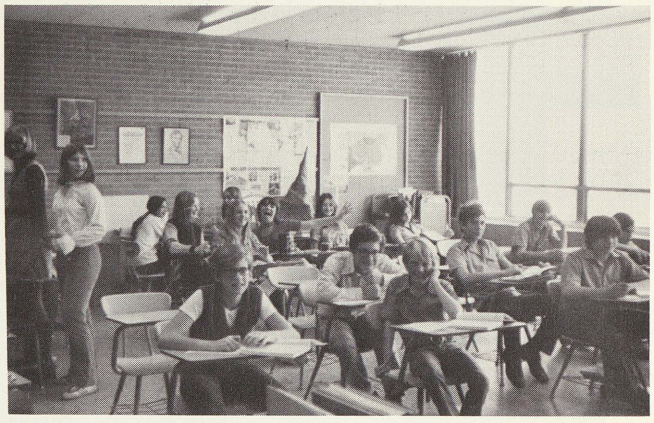
Mr. Howard teaches United States History to the eighth graders. This course covers history from the exploration period to the Reconstruction period after the Civil War.

It's right there!

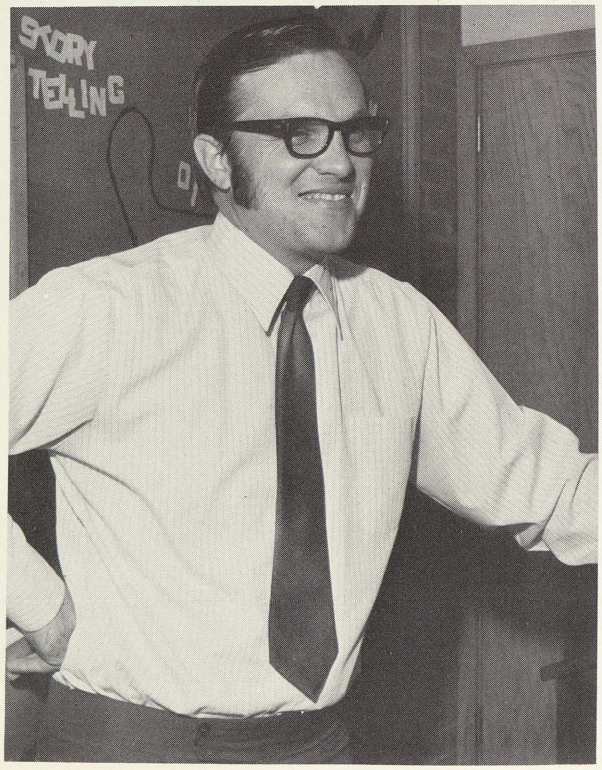


MR. TESAURO

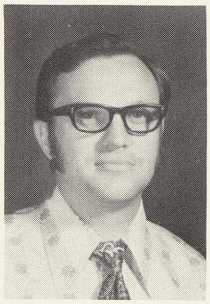
Mr. Tesauro does a little bit of just about everything. He teaches, math, science, English, and history to the seventh graders.



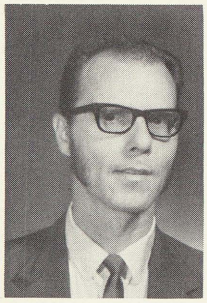
Don't be shy now.



Mr. Howard, what's so funny about history?



MR. HOWARD



MR. KUBIAK

Please don't leave this room the way you found it.

Are you working or playing, girls?

Unified Arts

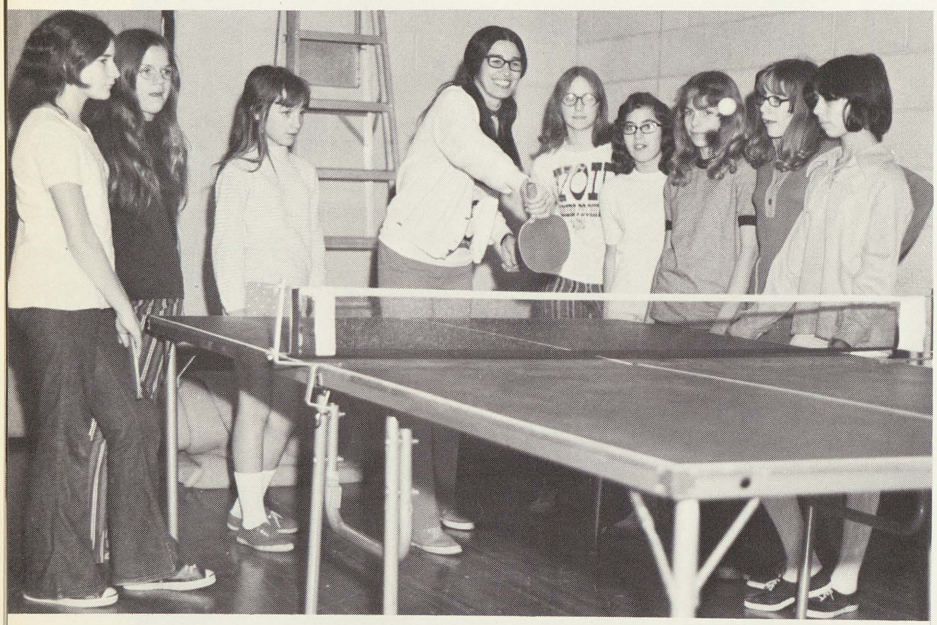
Ouch, look out for those pins!!!

They even look edible.

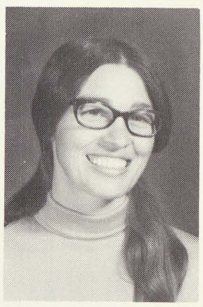
Oh! no, another mistake.

Physical Education

Professional at work.



Mrs. Koppenhofer teaches girls' gym and Mr. Humphrey teaches boys' gym. These classes stress physical fitness.



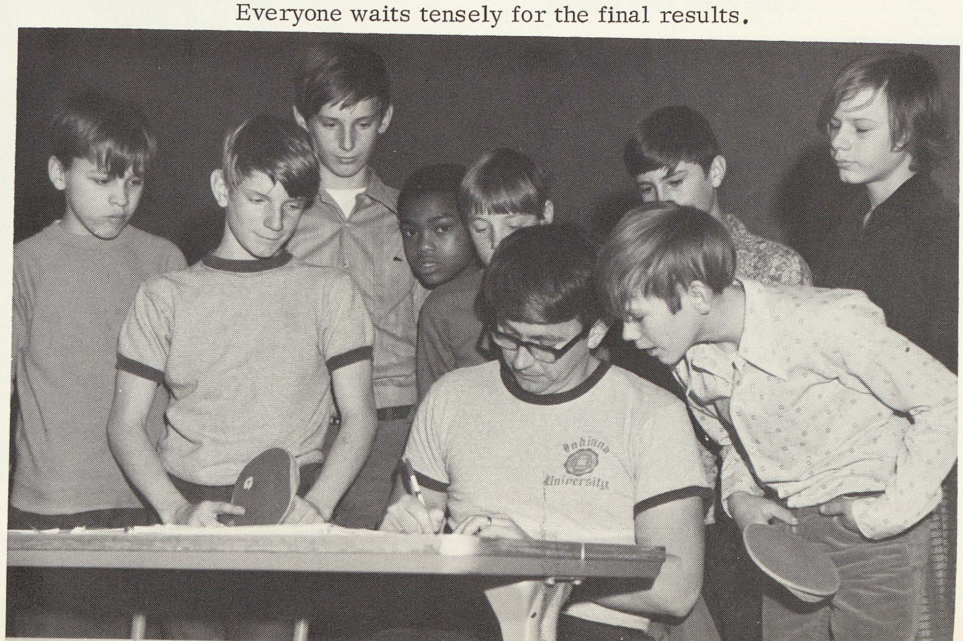
MRS. KOPPENHOFER

Mr. Humphrey, you're cornered!

Football, anyone???

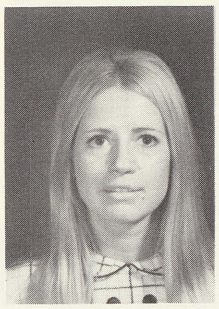
Heave! Ho!

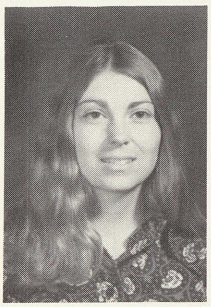
Everyone waits tensely for the final results.



Art & Home Economics

MISS ROLTSCH

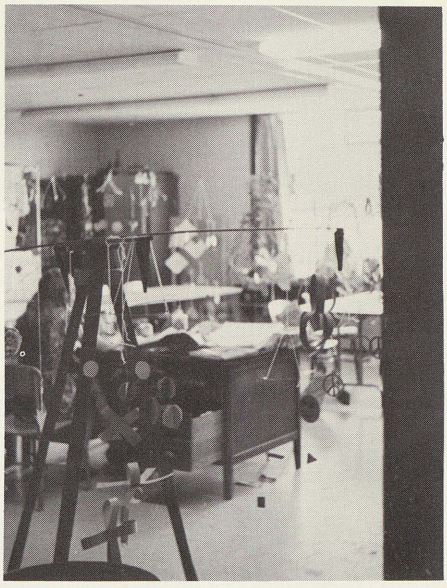




MRS. GLICK

What's cooking?

See what we made!



"Art is beauty."

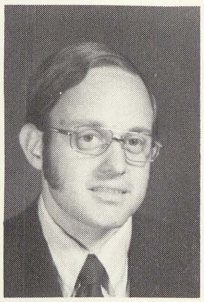
Miss Roltsch teaches home economics to the 7th and 8th graders. The 7th grade course illustrates what the area of home ec. involves. The 8th grade course is a general introduction to food, clothing, and social usage.

Mrs. Glick teaches art to the 7th and 8th graders. This is where they basically learn to appreciate art. They do things like macrame, perspective, painting, sculpturing, collages, window displays, tie-dying, and designing.

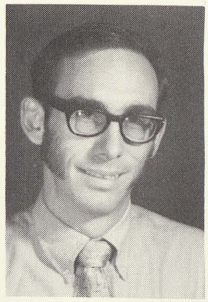
PATTERN LAYOUT

Industrial Arts

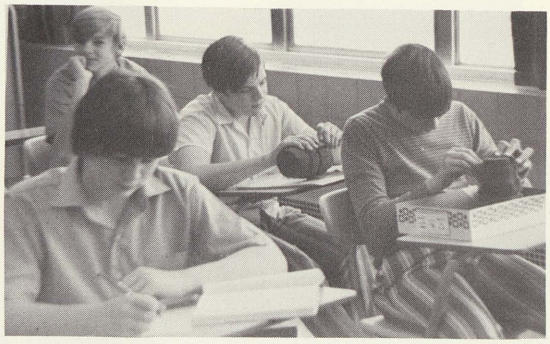
Mr. Slick teaches two eighth grade courses. The first, electricity, is the exploration of the basic fundamentals of electricity, like experimenting with bells, buzzers, and switches. The second, metals, is learning how to work with sheet metal, riveting, and spot welding.



Mr. Emerson



Mr. Slick



Mr. Emerson also teaches two courses. His first, seventh grade shop, is learning the basic knowledge of tools and how to use them. His eighth grade shop class is where you learn how to use power tools and better construction methods.

Administration Office

MRS. ERNESTINE HART

Mrs. Hart is the bookkeeper for the Swan Valley School District. She is the expert to consult whenever a question arises pertaining to school finances.

MRS. REVA STEFFEN

Mrs. Steffen has the important job of payroll for all the personnel of the school district. Without her the employees would not have such cheerful smiles every other Friday.

MRS. JEANNE PERRY

The pleasant voice you hear when you call the Administration Office is that of Mrs. Perry. She assists Mrs. Hart with the bookkeeping duties particularly the Activities Fund.
